Lifetime Residential, 5 Year Light Commercial Warranty

What the Lifetime Residential Warranty Covers:

This flooring is warranted that:

- Will not stain from normal household consumable items such as food or drink
- Will not wear through the decorative surface (scratches or reduction in gloss level is not considered wear)
- Will not fade as a result of direct sunlight or household lighting
- Will be free of manufacturing defects

Moisture Warranty

Chesapeake warrants the flooring in its original manufactured state to the original purchaser from the date of purchase, under normal and reasonable use, that the surface, when properly installed, shall be resistant to damage from mopping or normal household spills. The Moisture Warranty does not cover flooding, leaking pipes, household mechanical failures, appliance leaks or pet urine.

Radiant Heat (Underfloor) Installation

Chesapeake MCore1 flooring may be installed over water-based radiant-heated subfloors, provided the surface temperature of the system does not exceed 85 degrees Fahrenheit (29 degrees Celsius), and the relative humidity levels are maintained between 35% and 65%.

IMPORTANT: Due to the speed of sudden temperature changes, which has potential to negatively affect the flooring construction, it is not recommended to install this flooring with electrical radiant heating systems. This will not be covered by the manufacturer's warranty. Radiant heating systems using water are acceptable.

Before installing over newly constructed radiant heat systems, operate the system at maximum capacity to force any residual moisture from the cementitious topping of the radiant heat system. Then set the thermostat to a comfortable room temperature for the installation.

It is recommended that the radiant heat be applied in a gradual manner after installing the flooring. Refer to the radiant heat system's manufacturer recommendations for additional guidance.

What you should do if any of the above listed problems occur:

The original residential purchaser should notify their local retailer from which the original purchase was made of any defect no later than 30 days after discovering the defect but within the same time period of this limited warranty. The original residential purchaser must present the following items for a limited warranty claim to be considered:

- A valid proof of purchase in the form of sales receipt;
- A detailed description of the problem and a photograph or sample that clearly shows the warranty problem.

What Chesapeake will do:

For a valid claim, Chesapeake will authorize repair or replacement at the pro-rated percentage cost of the material. For the Lifetime Residential Warranty, the first 36 months would be fully covered. Past 3 years, this percentage is determined by the number of years from the date of purchase and the remaining period up to 30 years. For example, if the claim is made 15 years after the original purchase, then Chesapeake will pay 50% (15/30th) of the material.

◆ Warranty ◆

If professionally installed by a certified vinyl installer, reasonable labor costs to perform the replacement or repair will be paid during the first three years from the date of the original purchase. No labor is included for claims later than 36 months after original purchase. No labor costs will be paid for any material installed with visual manufacturing defect.

Limitations and Exclusions:

If the original design/color/style is no longer available, Chesapeake reserves the right to substitute another design of similar structure and value from which the consumer may select.
